Tuesday Afternoon

- Update one or more supply chains (trade, market mixes, etc.) to reflect changes in the last few months or years.
- Groups of ~4 people
- Data source is up to you. The exercise is to use Brightway, not to be 100% correct.
- Groups *can* make a presentation at 16:00, but don't have to. You can leave early.

Ecoinvent on the server (*bw* evironment):

```
import bw2io, bw2data
bw2io.restore_project_directory("/srv/data/projects/ecoinvent38.tar.gz")
bw2data.projects.set_current('ei38-teaching')
```

Ecoinvent access with activity-browser:

Install the base data, then use the import wizard

```
Username: brightcon
Password: BrightCon1
```
